

# Relayzo - Manual Update Guide

## Remove only cache folder

`bootstrap/cache`

## Copy Files

Copy All the files from **Update** folder to the **root** directory. This will overwrite any existing files.

## Access the migrate URL from browser

`[URL]/migrate`

Eg: <https://demo.relayzo.com/migrate>

*Once the migration URL is executed, the manual update will be complete. You can now enjoy the latest version of Relayzo.*

If you have any questions or run into any issues, don't hesitate to reach out to our support team at **team@relayzo.com** for prompt assistance.
